**Course Title:** Police Urban Patrol Rifle Instructor

**Date:** September 11 – September 14, 2017

**Time:** 0800 - 1700 hours

**Course Description:**

This course will be instructed by Urban Patrol Rifle Instructors. The end user portion of this course is designed to enhance knowledge and employment options of the Police Urban Rifle for tactical, narcotics team personnel and/or patrol officers. Urban rifles are considered mid-range rifles such as the M-16, CAR-15, Mini-14 or any other .223 caliber rifle. The instructor certification portion of this course details methods of classroom and range instruction for teaching the theory and operation of the urban rifle. Each student will be required to demonstrate marksmanship and instructional proficiency with the urban rifle prior to certification. The course is a blending of classroom and range participation. The student is required to safely and efficiently run a live-fire range exercise and successfully present subject matter pertinent to the course in a classroom environment. The student is required to successfully pass a written examination covering course material.

**Upon completion of this course, the student will be proficient in:**

1. Proper manipulation of the urban rifle.
2. Marksmanship skill by completing a qualification course of fire.
3. Instructional techniques in a classroom environment.
4. Weapon nomenclature and operation.
5. Dry practice and live-fire exercise drills on a square range environment.
6. Overall knowledge of course subject matter with the completion of a written examination.
